These rules govern Cal North State Cup Competitions and supersede any other Cal North rules to the extent that other Cal North rules may be inconsistent with these rules.

I. CAL NORTH STATE CUP COMPETITIONS

- A. The Cal North State Cup is an Association-wide event. Participating teams may be subject to travel over long distances and rescheduling of games due to adverse weather conditions. Teams that do not care to travel or that lack the flexibility to play rescheduled games should not apply.
- B. Cal North will have the opportunity to invite teams, including age group champions, in the U13, U14, U15, U16, U17, U18 and U19 age groups, to the US Youth Soccer West Region Championships (Far West Regionals).

II. JURISDICTION

- B. In instances where Cal North State Cup Competition Rules and US Youth Soccer Championship Series Rules conflict, the US Youth Soccer Cup Competition Rules prevail.

III. ELIGIBILITY REQUIREMENTS

- A. Cal North State Cup competitions are open to any Under-13 through Under-19 team registered with Cal North at the time of the cup application deadline so long as such team meets Cal North State Cup entrance and eligibility requirements, is in good standing at the time of entry, and remains in good standing throughout the competition. The team must be a properly registered Cal North team and follow all Cal North and US Youth Soccer requirements for rostering of individuals on a team, including transfers, adds and releases.
- B. In order to qualify for Cal North State Cup the team must have participated in a playing league approved by Cal North.
- C. A team or player that participates in Cal North State Cup may play in only one (1) Cal North Cup competition within the same current seasonal year until such time as the team has completed the cup competition in which the team first participated (i.e. a team or player may not play simultaneously in Cal North State Cup and Cal North Presidents Cup, Cal North Association Cup or Cal North Founders' Cup). In no instance can a team or player participate in more than one Cal North State Cup event or be rostered on more than one Cal North State Cup team in a season. For example a team or player cannot participate in U13 Cal North State Cup and then play in U14-U19 Cal North State Cup during the same season.
- D. Players participating in Cal North State Cup must be on the eligible team's approved frozen roster for the current seasonal year at the time of the roster freeze deadline for Cal North State Cup as either a player originally placed on the roster, a player added to the roster or a player transferred onto the roster. Guest players are not permitted to participate in Cal North State Cup.
- E. Any player on a frozen cup roster is considered to have participated in cup play with that team.
- F. Players must be properly registered with a Cal North affiliated league and their credentials properly approved for the current seasonal year.
 - 1. At the time a team's roster is frozen for Cal North State Cup, the team may not have more than five rostered players who were previously rostered during the current seasonal year with a league other

than the league of which the team is a member. The rostering of such players with such league shall be made in compliance with the registration rules of Cal North.

2. Teams may have a maximum of 22 registered players on their roster. Only 18 rostered players are allowed to be game active for each match and the 18 players listed on the game card can change from match to match. Players who are on the roster but not active for the match can sit on the bench but cannot be in uniform.
- G.** Roster Freezes: Transactions involving player movement on or off the team roster (adds, transfers and/or releases) should be submitted to the team's Registrar no later than the Friday prior to the roster freeze deadline. At 11:59 PM on the Wednesday prior to the scheduled start of cup play for the team's age group and gender the team's cup rosters will freeze in regard to any player movement on or off the roster. In order to be included on the frozen cup roster all roster changes involving players must be finalized by the Registrar in the data management system before midnight on the Tuesday prior to the first game scheduled for cup play. Beginning at 12:01 AM on the Thursday following the roster freeze deadline, roster changes involving players will not be permitted throughout the duration of the state-level cup competition.
- H.** Registered team officials may be added to or removed from a team roster at any time prior to the Cal North State Cup competition beginning or after the Cal North State Cup Competition has begun.
- I.** Cal North Teams advancing to the US Youth Soccer West Region Championships and/or the US Youth Soccer National Championships will be eligible to make additional limited roster changes following the conclusion of Cal North State Cup and again following the conclusion of US Youth Soccer West Region Championships provided the changes are in compliance with the US Youth Soccer National Championship Series rules. All roster changes will be in compliance with Cal North player eligibility rules and roster add, transfer and release requirements and must be submitted to the Cal North State Registrar in order to comply with the US Youth Soccer deadlines for the competition for which the roster is being frozen
1. With the exception of U19 teams, teams participating in Cal North State Cup, West Region Championships and/or National Championship must demonstrate a continuity of rosters between the league and every level of the NCS competition by maintaining a minimum of 9 players from the league roster common to the roster of the team at every level of the competitions. For U19 teams because there is no requirement for league play for National Championship Series, the continuity of roster must be demonstrated from the frozen Cal North State Cup roster to the roster for West Region and National Championships. The 9 core players can be a different 9 players at the Regional and National levels.
 2. So long as a team is in compliance with the requirement for continuity of 9 players between the levels of cup as noted previously, the team may transfer or add players to the team roster if and only if the player being added or transferred to the roster was registered in the team's league prior to the team's roster being frozen for Cal North State Cup play.
 3. For complete information regarding rosters and player eligibility for the National Championships Series please refer to Part I, Section 1, item (5), Section 2, items (1) through (3); Part II, Rule 221 and Rule 224 of the Policy on US Youth Soccer National Championships

In the instance where an accepted team's league does not begin play until Cal North State Cup Competition has already begun, or a team has not been able to play the required number of league games because of inclement weather, it shall be the responsibility of the team's District Commissioner to make sure that the team meets the requirements of this paragraph before the end of the seasonal playing year of that specific year's Cal North State Cup Competition. The District Commissioner shall notify the Cal North State Cup Chairman in writing when a team that has received a temporary exemption from this rule has met the requirements as called for in this paragraph.
